

ASSISTANT INSTRUCTORS COURSE

“ A year long, life changing course for young black belt students. Working closely with our highly experienced instructors preparing them for adult life and giving you a guaranteed paid position in our clubs. ”

The perfect transition to adulthood

Step 4 of the Warrior Method is to Lead. Developing leadership skills does far more than teach our students to lead others. It teaches students to communicate effectively, about responsibility, reliability, emotional intelligence and how to inspire their peers.

By being part of our Assistant Instructors Programme your child will be part of the Warrior Academy inner circle, working closely with our team of instructors who will be the perfect role models for your child during their teenage years as they transition into adulthood.

We are unlike any other team out there. Our small team of under 5 instructors have grown The Warrior Academy from a small village club with 10 students to a global organisation with 2000+ students. The course will inspire your child giving them a good look at how they can turn their passion into an exciting and fulfilling lifestyle.

We are proud to share the Assistant Instructors course with you, which is the culmination of a decades worth of leadership development. Your child will enter the course as a student and finish with a paid position in our team of experienced instructors.

The Assistant Instructors Course (AIC)

Each term we release a handful of spaces for the assistant instructors course.

The assistant instructors course is a year long programme that goes along side your current training. It's an intense year long course that will:

Transform your child's confidence, giving them huge amounts of self esteem.

Give your child public speaking skills.

Teach your child about the important of responsibility and reliability.

Teach your child how to run and organise large events.

Give your child the tools necessary to lead groups and inspire those around them.

Provide your child with a huge amount of experience and massively accelerate their development as a martial artist.

Transfer the skills they have learnt through our character development programme into practical tools they can use as they transition into adulthood.

You will be working closely alongside our team of instructors and it will result in a guaranteed paid position after the 12 months - providing all requirements have been met.

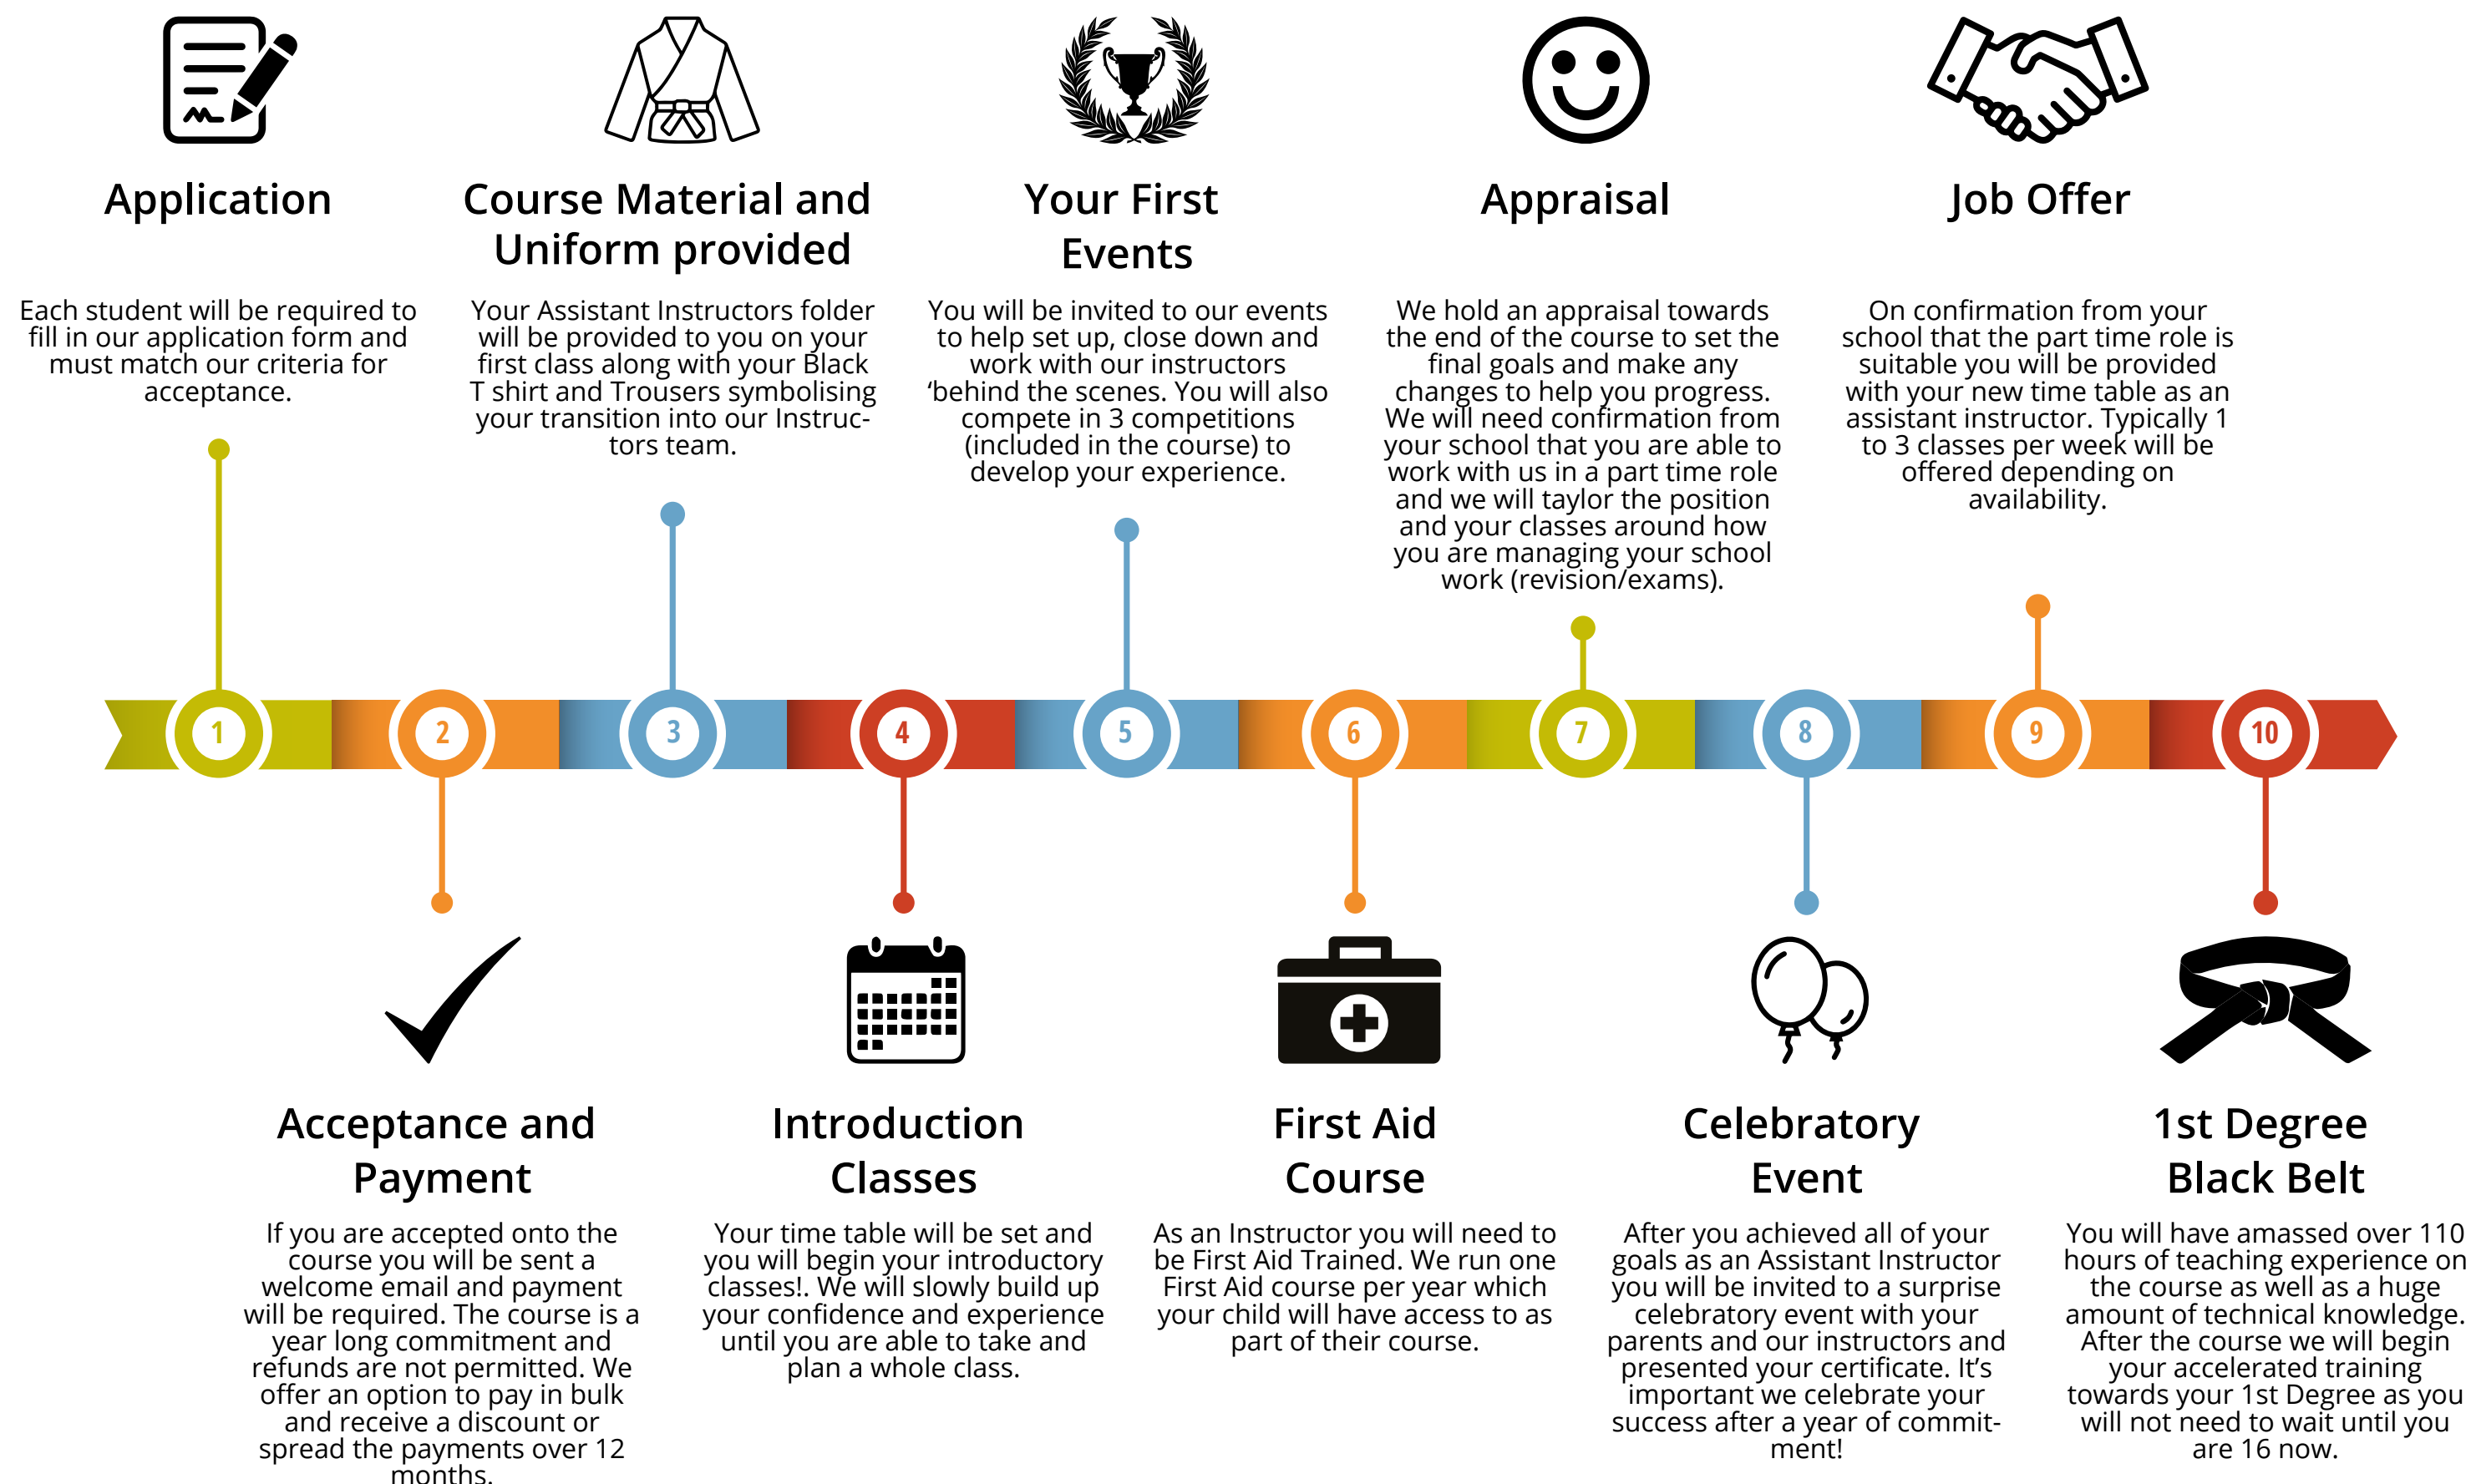

As a fully qualified Assistant Instructor you will not have to wait until you are 16+ to go for your 1st Degree Belt. As you have proven your dedication and amassed a huge amount of experience as a leader, providing all stripes have been earned; you will be able to attend your 1st Degree Grading before you are 16.

For years your child has been a student in our classes, now as they see our practices and method for teaching they will begin to understand the intricacies of character development.

The Year Long Journey:

Criteria for Acceptance and Application

The Programme is strictly limited to 3 students in each location:

Amesbury, Salisbury, Bath, Freshford, Corsham, Rode, Shaftesbury/Gillingham and Marlborough.

We do this so that we can spend enough quality time mentoring each student in each class.

To apply for your place:

Please visit <https://www.warrioracademy.co.uk/assistant-instructors/>

Each student must personally fill in the application form. Parents must carefully accept the terms and conditions of the course as it is a year long commitment.

Criteria for Acceptance.

The programme is designed for mature Junior Black Belts who seek to challenge themselves over an intense year long course. We carefully consider applicants and we are looking for 4 main things.

- ✓ **Attendance**
Are you able to come to 3 classes per week in your local area to teach? This may mean 3 classes back to back on one day each week. Students must maintain their own normal classes outside of the course to further their own technique for their 1st Degree.
- ✓ **Maturity and Mindset**
The minimum age for applicants is 13+. All applicants must have the maturity and mindset required to dedicate themselves to a 12 month course that has a high volume of training.
- ✓ **Comfort Zone**
Students will be required to be brave and leave their comfort zone to progress. Our team of supportive instructors will be at your side throughout to help you on what will be a life changing journey.
- ✓ **You have the FULL support of your family**
So you will need to have someone at home who can help you on your journey and who can help assist you with your homework when necessary. We recommend that parents of assistant instructors become Warrior Academy ambassadors. It's a friendly, close knit community of supportive parents who get a far deeper insight into what The Warrior Academy is all about.

Our Special Offer

This is what is included in the Assistant Instructors Course:

- 2-3 Leadership Development classes per week during term time (minimum 100 classes), value @ £10 per class = **£1,000**.
- Tickets to 3 Warrior Academy Competitions (Including 2 spectator tickets at each event) including 2 spectator tickets, value: 3 x £51 = **£153**.
- Full First Aid in the Workplace Qualification. Value: **£60**
- Full, printed, course material for the year, value: **£30**
